

Enjoy \$100 in Savings

in honor of

Breastfeeding Awareness Month

Dr. Levine is very experienced at providing services for young patients. He has a friendly, reassuring and encouraging manner towards children. He knows that helping a child or teen often requires a delicate touch, and he takes every measure to ensure our young patients are as comfortable as possible.

Our office offers laser treatment for tongue-tied or lip-tied babies (frenectomies), dental implant services and more!

Early morning appointments available.

Come visit us for a free consultation. Just mention this ad for \$100 off of our services for appointments scheduled in August.*

*Discount for lip-tie & tongue-tie only. Conditions apply
